# Karndean LooseLay

*Where classic charm  
meets contemporary sophistication*

*At Karndean, we see flooring differently...*

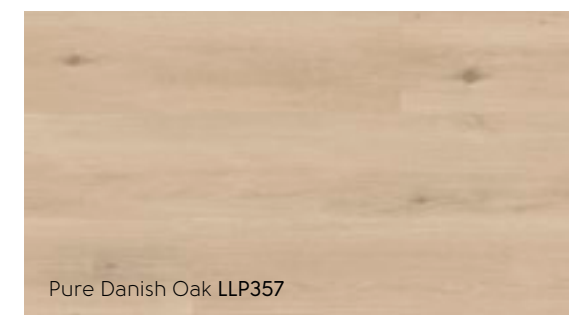

We travel the world in our quest to bring you exceptional floors that inspire and delight. From the ancient forests of Europe, to the remote Australian outback and beyond, we seek out expressive and intriguing forms in the natural world to influence our unique floor designs.

**Combining natural characteristics of wood and stone with expert design techniques, we create simply beautiful floors you'll love for a lifetime.**

*Designed for You*

Every one of our luxury vinyl flooring designs is lovingly created by our in-house team. Inspired by wood and stone from around the world, our designers carefully replicate knots, grains, textures and distinctive markings, while techniques such as staining, brushing and oiling are used to enhance the appearance. The end result is high-quality flooring that brings style and beauty into your home.

## Warm

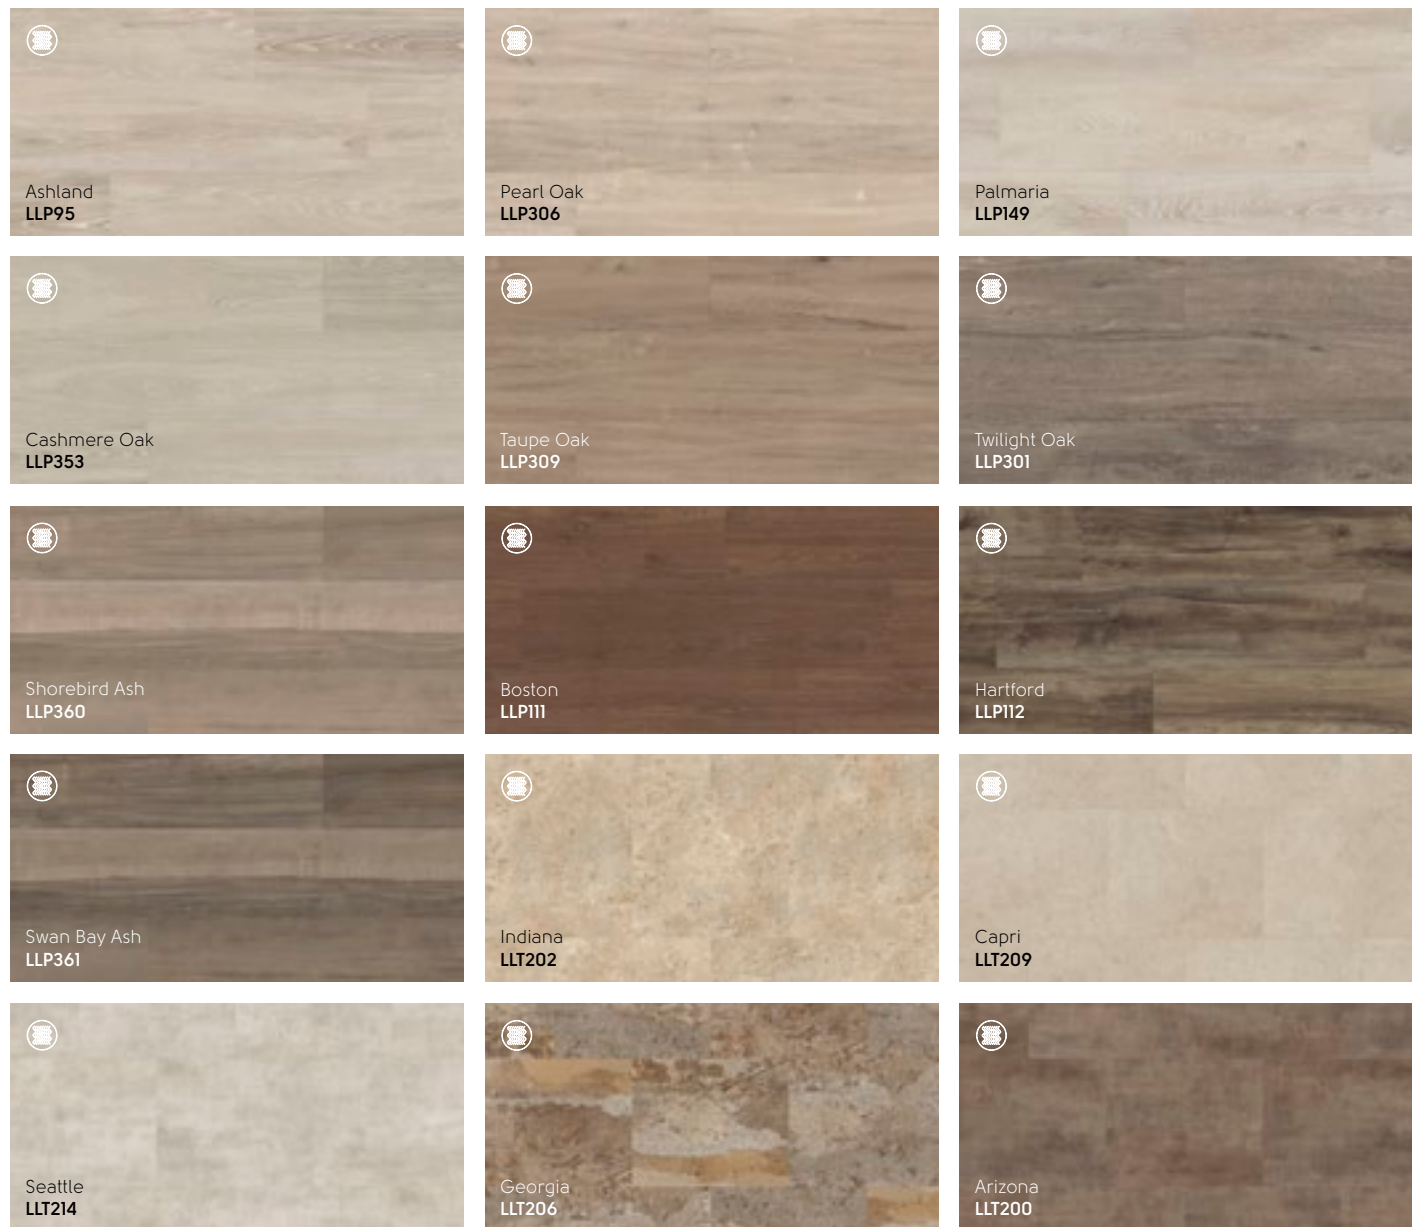

Flooring in warm tones works well for a timeless design approach. Brownish hues can be used to create a welcoming ambience in your home.

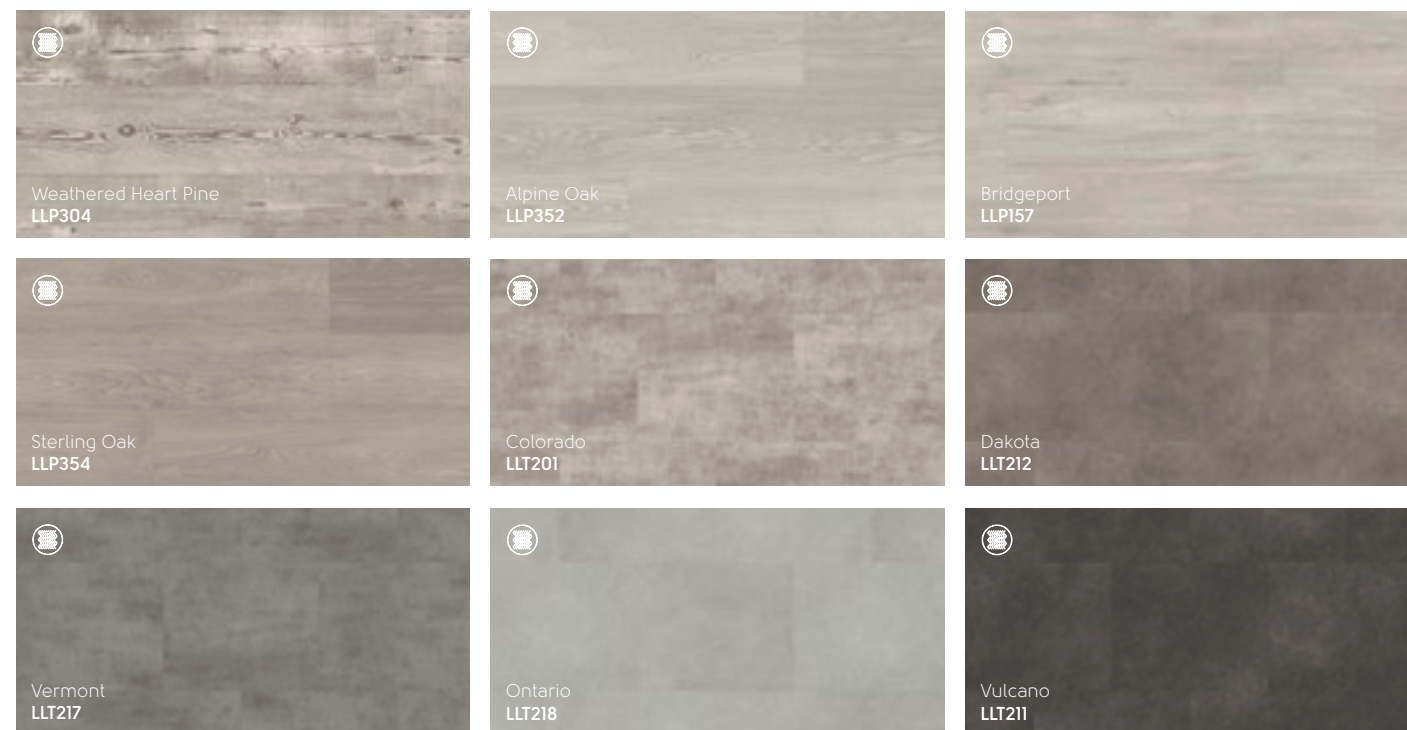

*Neutral*

Neutral-colored flooring creates a clean foundation for designing your entire space. It's a smart choice if you occasionally like to update furniture and decor.

*Cool*

Flooring in cooler, greyish color tones works well in homes with a contemporary look and feel.

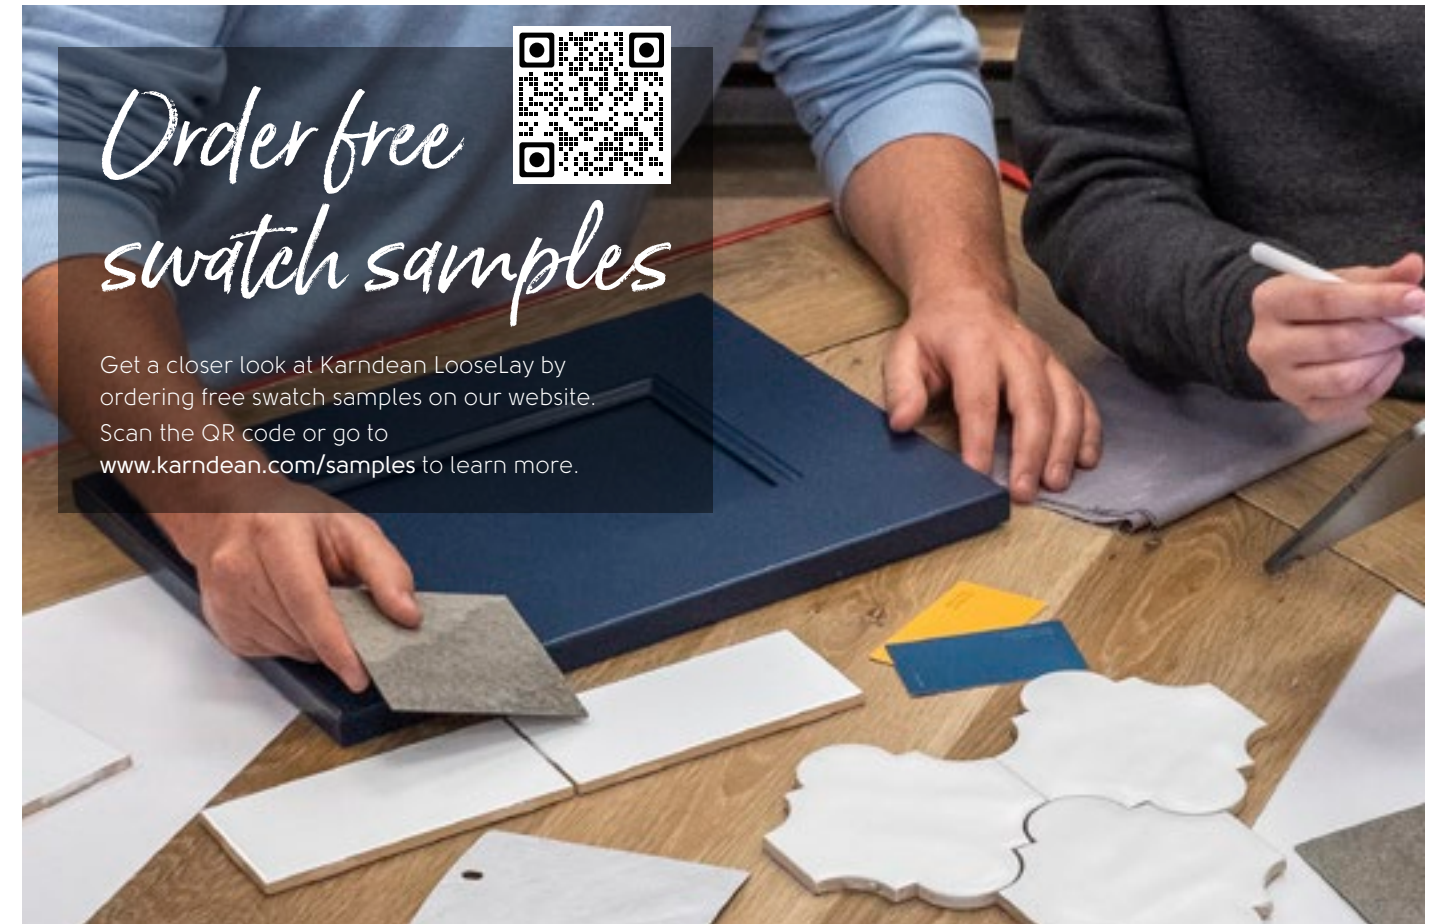

# Cleaning and Maintaining Your Karndean Floor

Our premium luxury vinyl flooring is durable and easy to clean. Unlike carpet, it doesn't hold dust, dirt, pollen or other allergens. K-Guard+® surface treatment protects the floor from everyday wear, spills and scuffs, allowing it to look great for years to come.

To keep your floor clean, give it a regular sweep, and use a mop with a pH neutral, fragrance-free cleaner.

**Color & Pattern Reproduction**

All our products are inspired by things we have seen in nature. Just as variation in both color and detail are part of the beauty of nature, so too are some of our designs. This means that with some of our products you will see natural variation when your floor is laid.

We are continually developing new ideas and improving on our existing designs. This does mean that sometimes products are withdrawn at short notice.
