Floors with a Soul and a Story

Natural Koa RKP8122

Why Karndean?

At Karndean, we see flooring differently.

We travel the world in our quest to bring you exceptional floors that inspire and delight. From the ancient forests of Europe, to the remote Australian outback and beyond, we seek out expressive and intriguing forms in the natural world to influence our unique floor designs. By combining these original features with cutting edge design, we create simply beautiful floors that you'll love for a lifetime.

From Our Home...

It all began in 1973 when a former flooring installer created a small business from his family home.

With the belief that luxury vinyl flooring shouldn't just be practical, it needed to be beautiful as well, Karndean was formed. The team set out to travel the world, seeking inspiration from natural materials for what now are the most realistic luxury vinyl flooring products on the market.

The Karndean team worked out of that house for several years with the family's trusty dog Smokey, the Great Dane who is still present on Karndean's logo today. For the family and Karndean's early employees — many who are still working with us today — these years bring back many fond memories.

Now stretching across the globe, beyond the walls of the original house, the Karndean family and employees continue to move forward with the same passion to deliver beautiful, innovative designs for your home.

...to Your Home

Designing your home can be overwhelming. There are many elements that must fit together, from furniture to flooring, to fixtures and everything in between. Where to begin?

We begin a new design with an inspiration, and we are most inspired by nature. What's your design motivation? Is it aesthetic, such as a throw pillow or the perfect paint chip? Or is it lifestyle, a place where you can dance in your pajamas and your babies (both two- and four-legged) can roll around and play?

No matter what drives you, Karndean was created with your needs in mind. We see flooring differently and by combining our original features with cutting edge design, you can create a simply beautiful floor that you will love for a lifetime.

Our simple method will help you navigate the selection process and design your perfect floor, taking you beyond picking a color and measuring the room. Let's get started!

Benefits of a rigid core floor?

-  **Floats over existing hard floors:** Rigid core can be floated over most existing hard floor coverings.
-  **Warm underfoot:** Our products are much warmer and more comfortable underfoot.
-  **Acoustic qualities:** The premium, pre-attached acoustic foam backing reduces noise transfer to rooms below.
-  **Quick and easy to install:** Click-locking systems allow the installer to quickly drop and lock planks together, meaning less upheaval and disruption to everyday life.

Warm Brushed Oak RKP8215

This style mixes the simplicity of mid-century with organic materials. The natural light beaming off the warm neutral flooring mimics the forest floor.

Developed from a combination of straight and flowery grained European Oak boards, the delicate balance of grain found in Warm Brushed Oak cannot be found in natural hardwood. The grain, combined with its sandy coloring and distinct registered emboss, forms a subtle, neutral floor to coordinate with many home styles.

FRENCH OAKS

Sourced from boards dating back to 17th century French oak flooring, hundreds of years of natural wear have resulted in a worn and rustic design full of character and personality.

WASHED BUTTERNUT

Often referred to as "white walnut," we sourced planks from the eastern United States. Real butternut is even softer than walnut, making it highly impractical for flooring and, as a protected wood, difficult to find in its natural form.

Color & Pattern Reproduction

All our products are inspired by things we have seen in nature. Just as variation in both color and detail are part of the beauty of nature, so too are some of our designs. This means that with some of our products you will see natural variation when your floor is laid.

We are continually developing new ideas and improving on our existing designs. This does mean that sometimes products are withdrawn at short notice. Karndean Designflooring owns all its designs and are protected by copyright.
